

### **Message from the Chair: -**

Welcome to the Department of Educational Administration and Planning, one of the departments in the School of Education. The department takes cognisance of the demand within the educational sector for: -

- Effective educational administrators and managers;
- Educational planners and management specialists;
- Curriculum developers;
- Corporate governors in education;
- Specialists in education in emergencies.

The forgoing areas of expertise are critical in creating a body of knowledge and skills in line with Kenya's constitutional aspirations, the sustainable development goals and the Kenya Vision 2030. The department offers a Masters Programme in Education with a view to providing expertise in Management of Education volatile situations owing to fragile situations within the region and beyond. The department is in the process of reviewing its curriculum to align it to current market trends and global best practices.

Welcome to the department and learn with the best.

**Jeremiah M Kalai, PhD**
